

# App4Legal.v7.1 Release Notes

## Important highlights from this release

1. Video camera and voice recorder are now supported in App4Legal Mobile App when trying to upload a file.
2. Approval Process on Expenses allows multi-user accounts to require that drafted expenses are submitted for review before they are approved and payments can be received.
3. As easy as it gets, the Universal Search will now allow you to search for documents using keywords as well as any matter through the file /reference number you set for it.
4. Improvements to Money module grids in Bills, Time Tracking and Chart of Accounts. You can now view and save the columns and grids to appear like you want them to.
5. IOLTA Trust Funds (Interest On Lawyer Trust Accounts): App4Legal makes it easy to manage all funds held in trust on behalf of your clients.
