

Mobile for Jira Add-on setup

1. Login to Jira using an Administrator account.
2. Click on the "Settings" symbol in the top right corner.
3. Click on "Add-ons".

4. A new screen will be loaded. Click on "Find new Add-ons".

5. Search for "Mobile for JIRA".
6. Click on "Install".
7. A window will appear to confirm the add-on is installed and ready to use.
