

Limit attachments size and number

You can limit the attachments size and number by going to the manage add ons section as shown on the right.

Search for JAM at the bottom left and click on "Attachment configuration"

Or press "g+g" and type attachments configuration" the below screen will show

JAM

[Extract Attachments](#)

[Import Attachments](#)

[Attachments Configuration](#)

Attachments Configuration

Enable Project Attachment Configuration On Off

Project Name *	Max. Number of Attachments / Issue	Max. Total Attachments Size (MB) / Issue	Options
<input type="text"/>	<input type="text" value="Max. Number of Attachments"/>	<input type="text" value="Max. Attachments Size (MB)"/>	<input type="button" value="Add"/>
<input type="text" value="Test"/>	<input type="text" value="3"/>	<input type="text" value="1"/>	<input type="button" value="Edit"/> <input type="button" value="Delete"/>
<input type="text" value="TestJS"/>	<input type="text" value="3"/>	<input type="text"/>	<input type="button" value="Edit"/> <input type="button" value="Delete"/>

From this page you can select the project that you wish to imply the restriction on and set the Max number of attachments and Max number of attachment size per Mb

You can disable the attachment configuration by selecting the option off in the top of the page
