

Download OTJ on JIRA Server

How to Download Outlook To JIRA on JIRA Server:

1. Login to JIRA using an Administrator account
2. Click on the "Settings" symbol in the top right corner

3. Click on "Add-ons"
4. A new screen will be loaded. Click on "Find new Add-ons"

5. Search for "Outlook To JIRA"
6. Click on "Install"
7. A window will appear to confirm the add-on is installed and ready to use
