## **Contacts Per Group of Companies**

Contacts Per Group of Companies report requests the user to choose the Company Container in question. Once the Container is chosen, the Report will display all the Contacts and Companies related to this Container.

## **Conflict of Interest**

Conflict of Interest report is of high importance for legal teams who want to acquire a new client (Lead) and want to look through the history to check if there is a previous relation between the Lead and the firm's records. This report will look for the following records:

- If this Lead has been a Client on a previous Case in App4Legal database.
- If this Lead has been an Opponent on a previous Case in App4Legal database.
- If this Lead has been a Shareholder in a Company in App4Legal database.
- If this Lead has been a Board Member in a Company in App4Legal database.
